

## Website Planning

Melanie Rose

The name for my site is: The Fisherman's Forecast

The purpose of this site is to show the audience what the current weather is and let them know about the upcoming weather in their area.

The target audience for this site is anyone who wants to know what the current and future forecast is.

The site maps are included in the other PDF.

The color scheme for my website is:

\*

The main color for this is #4AAAE8, then the colors are (from left to right), #A1D5F6, #70BDEF, #2696DE, #0980CE.

The main color for this is #41EB99, then the colors are (from left to right), #9CF8CC, #69F1B0, #1BE282, #00D56F.

The typography I would like to use in this website will be, Noto Serif and Nunito. They both have regular and bold options.
